

AIMAAN KHAN

Aspiring Software Developer and AI Enthusiast | Final Year Computer Engineering Student

Mumbai, Maharashtra, India

+91 9987786026 | aimaanjkhaan@gmail.com | [LinkedIn](#)

SUMMARY

Driven and innovative Computer Engineering student with hands-on experience in full-stack development, AI-driven software engineering, and cutting-edge R&D projects. Adept in machine learning, data science, and building scalable solutions. I bring a strong technical acumen and a passion for creating impactful software products.

SKILLS

Programming Languages:

- Java
- Python
- MONGODB
- SQL
- C

Tools & Technologies:

- React.js
- Data Modeling
- MERN STACK
- Bootstrap
- Machine Learning
- AWS
- Git and GITHUB
- REDUX

EXPERIENCE

Certified Software Engineer | cloudyBoss — August 2024

- Assisted in the development of various full-stack web applications using Node.js, Express.js, and MongoDB.

Intern | Prism Cybersoft Private Limited — June 2024 – July 2024

- Developed a responsive website for SOHAM software manual using HTML, CSS, and JavaScript.

Software Developer Intern | cloudyBoss — August 2023 – June 2024

- Contributed to the development of AI-driven endpoint detection and response software for cybersecurity.

EDUCATION

BE in Computer Engineering with Honors in Cyber Security

Rizvi College of Engineering — 2021 – 2025

12th HSC

RIMS International Junior College — 2021 | Scored: 63.85%

10th SSC

St. Mary's High School — 2019 | Scored: 73%

PROJECTS

Pet Adoption Website: Developed a responsive frontend using HTML, CSS, and JavaScript for a pet adoption platform.

AI Image Upscaler: Built a CNN to upscale low-resolution images using AI techniques.

AI Model for Cyber Attack Detection: Implemented an AI model that identifies potential cyber-attacks.

Node.js Blog Website: Developed a blog website using Node.js, allowing users to create, read, update, and delete posts.

Video Conferencing App: Developed a real-time video conferencing app using Node.js, Express.js and React for seamless communication.
